A-LUMINATE Brightening Serum™

- A novel formulation that works to support the skin at multiple steps of the melanogenesis pathway
- A breakthrough formulation that works to combat and minimize the appearance of the various forms of pigmentation

A multifaceted blend of peptides, antioxidants and targeted ingredients help to:

- Reduce the appearance of existing surface discoloration
- Minimize the recurrence of pigment
- Improve the appearance of freckles
- Protect skin from future damage
- Combat the different causes of pigmentation

- IMPROVED TEXTURE
- LUMINOUS
- CALMING/SMOOTHING SKIN
- BRIGHTENING

WHY WE love HA IMMERSE SERUM™

Helps instantly boost skin hydration for smoother, more radiant looking skin.

Proprietary Octapeptide-45 helps the skin's ability to naturally increase its own high-molecular hyaluronic acid for long-term hydration

Non-comedogenic & fragrance-free

Helps to minimize the appearance of fine lines & wrinkles by promoting skin health & hydration

Fast-absorbing, lightweight formulas layers seamlessly under makeup & other skincare
